Dear Friends,

As I celebrate my 39th year in dentistry, 38 of those here in Tampa. I want to extend my heartfelt gratitude to each of you for the privilege of being your dentist. Your trust and confidence in me and my team have been both professionally rewarding and personally humbling. The relationships that I have had with so many of you, has been a big part of my life and I will forever be grateful to consider you all friends.

After much thought (and a bit of hesitation), I've decided it's time to hand over the reins and begin transitioning into the next chapter of my life. While I'm not retiring entirely, I'll be easing into a new phase, so you'll still see me around the office on Tuesdays!

It's incredibly important to me that this transition leaves you in caring, competent hands. As a result I have found Dr. Sheffield and Dr. Elikofer who will provide you with the same philosophy of excellent care that you expect and deserve. After a thorough and thoughtful search, I'm confident they are the right team to continue the legacy of this practice.

Dr. Sheffield earned her Doctorate of Dental Surgery from the University of Michigan and is a proud Florida native from Temple Terrace. Dr. Elikofer, originally from Indiana earned his Doctorate of Dental Surgery from The University of Indiana. They are married and have a beautiful two year old daughter who keeps them both on their toes! ( finish paragraph)

Our staff Joy, April, Eva, Rosi, and Julissa will remain with the practice, continuing the personal and professional relationships they've worked so hard to build with each of you.

Thank you for your loyalty and friendship over the years. It's been the joy of my career to serve this community, and I'm excited for what lies ahead for both you and me.

Wishing you all the very best in life and in dental health.

Warm regards,  
Dr. Rodney Holcombe
